

OH WISDOM...OH FULLNESS...OH COUNSEL *Remi Agun ©2015*

Oh Wisdom

Wisdom of the Father

Can You help me?

Can You help me crack this household of my lies?

Every house of deceit

And envy and of strife

Can You help me break out?

Oh Fullness

Fullness of God's thought

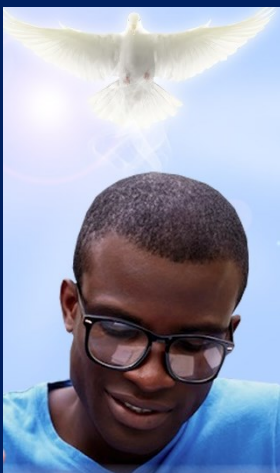

Can You bring me?

Can You bring me into the place of the knees?

Where reason is nought

And wiles have been lost

Can You break me into thoughts of you?

Oh Counsel

Counsel from above

Can You give me?

Can You give me the teachings that take me from my own?

Where my safety is false

If it is not found in You

Can You give me the instructions from on high?
